PRESS RELEASE

Computerisation of Bad Weather Allowance payments for registered fishers

The Ministry of Agro-Industry, Food Security, Blue Economy and Fisheries is pleased to announce an improvement in the disbursement of the Bad Weather Allowance to registered fishers.

The Bad Weather Allowance, which is paid on a monthly basis to eligible registered fishers, has always been processed manually. This required the collection of data from 14 Fisheries Posts, followed by consolidation and verification, making it both time-consuming and administratively demanding.

In line with ongoing efforts to enhance efficiency and service delivery, the Ministry has successfully computerised the payment process. This transformation reduces processing time and facilitates timely disbursement of funds.
